You don't often get email from [dmw888@me.com](mailto:dmw888@me.com). [Learn why this is important](#)

Hello,

I was hired in 1995 at 22 years old, it is extremely unfair now at 53 years old and 31 to 32 years of circus having to work exponentially longer than the people's retired prior. The head, fun debacle should not be on the backs of teachers who has served the community diligently.
