

Good evening,

My name is Jason Romblad, I am a lifelong unaffiliated voter from Woonsocket. I am writing to voice my opposition to bill #2113. While elected Democrats are lining up at the NO KINGS rallies every chance they get, you are passing laws that restrict law abiding citizens. From this legislatures pro criminal bills, to the anti 2nd amendment bills to this bill, which will tell restaurants what they can serve for food. This RI legislature is abysmal in safeguarding Rhode Island citizens rights.

I honestly can't believe this bill is being introduced, telling restaurants what they can put on the menu. Leave it up to the parent to decide what is good for their children.

You people are crazy.

Please vote against this bill.

Thank you,

Jason Romblad
