RE: Letter of Support S2118 – AN ACT RELATING TO HEALTH AND SAFETY – PRIMARY CARE TRAINING SITES PROGRAM

Dear Chairperson Murray:

I write on behalf of the State of Rhode Island Office of the Health Insurance Commissioner (OHIC) in support of [Senate Bill 2118](#). OHIC applauds the legislature's creation of the Primary Care Training Sites Program in 2024. This bill would ensure that primary care sites would have achieved and maintained NCQA Case Management accreditation or be recognized as a PCMH by the OHIC thus strengthening the Primary Care Training Sites Program. These changes would enable additional primary care sites to participate in the program, which would increase the clinical training capacity of primary care providers in Rhode Island.

Thank you for your continued leadership and hard work on all matters related to the health of Rhode Islanders.

Sincerely,

Cory B. King
Health Insurance Commissioner
