Re: Support for S2455 — Scalp Cooling Insurance Coverage

Dear ChairMurray and Members of the Committee,

My name is Michele Famiglietti and I am a resident of North Kingstown. I am writing to express my strong support for S2455, which mandates that insurance providers cover scalp cooling treatments for cancer patients undergoing chemotherapy.

Reason for Support:

- 1) Scalp cooling helps retain hair during chemotherapy, offering patients dignity and reducing the outward psychological burden of treatment).
- 2) Insurance coverage is essential for access, as the out-of-pocket costs are currently prohibitive for most Rhode Island.

"As a cancer survivor I feel this is essential for all women receiving chemotherapy.

I urge this committee to pass S2455 and help alleviate the financial burden on patients managing the taxing effects of chemotherapy. Thank you for your time and consideration of this crucial legislation.

Sincerely,
Michele Famiglietti
