You don't often get email from smith0983@verizon.net. [Learn why this is important](#)

Dear Senate Health & Human Services Committee Chair and committee members,

I am writing in support for Senate bill S 2455 to urge your support for legislation that would require insurance companies to cover the cost of scalp cooling for patients undergoing chemotherapy. Scalp cooling has been shown to significantly reduce hair loss, improving quality of life and emotional well-being for cancer patients.

Ensuring coverage would make this treatment accessible to all patients, not just those who can afford it out-of-pocket. Your support for this bill would make a meaningful difference for many in our community facing cancer treatment.

Thank you so much for your consideration. Let's get this law passed to make a difference in the lives of those will unfortunately face cancer. Let's get it to the governor's desk for his signature.

Sincerely,

Teresa E. Smith
