RE: Letter regarding S2467– AN ACT RELATING TO INSURANCE – INSURANCE COVERAGE FOR MENTAL ILLNESS AND SUBSTANCE USE DISORDERS

Dear Chairperson Murray:

I write on behalf of the State of Rhode Island Office of the Health Insurance Commissioner (OHIC) regarding [Senate Bill 2467](#). OHIC is supportive of the goals of this legislation. This legislation proposes an amendment to the State Mental Health Parity Statute § 27-38.2-1, which would prohibit commercial health insurers in Rhode Island from requiring prior authorization for in-network mental health or substance use disorder services. There is already precedent for this policy in Rhode Island. Effective August 1, 2018, Blue Cross Blue Shield of Rhode Island eliminated utilization review for all in-network behavioral health services rendered by network providers and has maintained that policy to this day.¹

The legislation requires OHIC to “*promulgate rules and regulations and conduct oversight and enforcement actions necessary to implement this subsection, including the imposition of fines for violations.*” The office suggests either modifying or removing this language. If the bill sponsor would like to modify the language, we suggest making it a separate subsection and making the language discretionary and consistent with § 27-18.9-10 (i.e., “may promulgate such rules and regulations as are necessary and proper...”). Additionally, we propose the option of deleting the language all together since authority to conduct oversight and enforcement actions is already granted to the office under § 42-14.5-3(e); and authority to impose fines is already created and covered under OHIC's penalty provision § 42-14-16.

Thank you for your continued leadership and hard work on all matters related to the health of Rhode Islanders.

Sincerely,

¹ Blue Cross Blue Shield of Rhode Island. [Provider Update](#). (2018).
