As a community healthcare worker and advocate with Parent Support Network, I'm writing to express my strongest support for S3065 and S3066. The MRSS has been a vital resource for families in crisis, providing timely, in-home support that de-escalates situations and keeps children connected to their families and communities. This service is not just a necessity – it's a lifeline that prevents hospitalizations and transforms lives.

I urge lawmakers to support these bills and ensure Rhode Island families have access to this critical service.

Slegislation@rilegislature.gov referencing S3065 & S3066.

Thank you for championing this cause, Brenda
