Subject: OPPOSE 2269 (Violations Notices)
Date: Wednesday, March 25, 2026 9:40:06 PM

Dear Committee Clerk Rocha,

I oppose Senate Bill 2269, which mandates that cities or towns inform tenants of housing violations before landlords have a chance to address them. This bypasses fairness for landlords and could strain relationships between landlords and tenants. I urge reconsideration of the bill and exploration of alternative measures that balance interests and promote cooperation.

Thank you

Sincerely,
