I am sending you this email.

Because I believe anyone should have the right to vote.

It doesn't matter if that person is a married or a single woman.

It doesn't matter if that person is black, brown, or white.

It doesn't matter if they are straight, gay or transgender.

All people have a right to vote.

And should always have that right.

So I support the voting rights act.

I ask you to make the right decision and direction.

I say yes to the S 3143. If it protects our rights to vote. For any party we want.

We are all a united people and the United States of America.

And shall always be.
