Please support the Voting Rights Act (S-3143). Voting is one of the few direct participatory rights every individual citizen has in our country, and putting restrictions on the voting process denies the most basic act of democracy. No citizen, for whatever reason should be denied that right. Encouraging participation, and making it easier is part of the democratic process.

I am eighty-five years old. I have voted in every national election since I was twenty-two (yes, in those days you had to be twenty-one). As I get older, it has become necessary for me to take advantage of some of the steps to make voting easier.

Please, support the Rhode Island Voting Rights Act S-3143.

Thank you,
