I am JoAnn B. Rosemont. I am writing to you to ask that you support Bill #S 3143. Rhode Island must **stand up against those who would limit the rights of minority groups, and must also impose penalties on those who would interfere in elections.**

This has become a partisan issue, though that should not be so. Please vote to keep voting rights for all Americans safe from those who would alter the Constitution to suit their own needs.

Thank you, JoAnn B. Rosemont
