Dear Sen. LaMountain,

As a resident of Westerly, Rhode Island, I hope you and the committee are in favor of strengthening and protecting every citizen's right to participate in free and fair elections. Thank you in advance for supporting #S3143, Rhode Island Voting Rights Act that will:

- Prohibit Voter Suppression
- Prohibit of Vote Dilution
- Protect Against Voter Intimidation and Discrimination
- Improve Language Access
- Allow groups and individuals to sue in Rhode Island state courts to vindicate their rights, and provide clear instructions to guide judges to interpret laws and rules in the most pro-voter, pro-democracy way possible.

I appreciate your attention and for all that you continue to do to help our community.

Sincerely,

Joy Lin
