Dear Committee Chair Lamountain, and Committee members, my name is Nancy Hindermann, I am a Newport Rhode Island Resident. I strongly support the Rhode Island Voting Rights Act s-3143. Our voting rights are eroding when they need to be bolstered and supported. s- 3143 needs to be passed, and it needs to be passed this session. We need to protect the voting rights of each and every citizen. It is the very definition of Democracy. Unfortunately this current administration is actively eroding voting rights. Rhode Island has a duty to protect the voting rights of every citizen residing in Rhode Island. The passing of this bill is needed, more urgently than every before. I STRONGLY support s-3143/ The Rhode Island Voting Rights Act.

Sincerely,

Nancy Hindermann
