Dear Senate Judiciary Committee,

My name is Quinn Tucker From Cranston RI and I am writing in support of S3143. Rhode Island faces a critical test as our federal government tests our democratic values and promised freedoms. As a nation formed on the basis of basic representative democratic values, we must push forward with the promise of fair and equal voting rights. This bill seeks to protect our most vulnerable groups while also setting new standards against voter suppression that is critical in combating new and dangerous practices.

Regardless of political affiliation or beliefs, it is clear that at our core as a country and state we must push towards further empowerment of the right to vote. So I urge you to support this bill and enable Rhode Islanders to practice their right to vote.

Thank you,
Quinn Tucker
