To the Senate Judiciary Committee: Since arriving to live in Rhode Island in 1979 I have moved quite a bit within the state, and I am aware that every time I change my residence I have to register to vote at the new address. I foolishly let my passport expire some years ago, and my birth certificate has a different first and last name on it. I do have the "Real ID" symbol on my drivers license and have felt that should be enough, but now have the impression that with the proposed changes in federal law it may not be. In this situation I believe I have a great deal of stake in the S-3143, and hope that it will be signed into state law.

Thank you for your attention to this matter.
